NERVO-VITAL DEBILITY

Men, many of you are now reaping the result of your former folly. Your vitality is falling and you will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all diseases, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you, and fill your whole future with misery, woe and disappointment. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me you will never again be bothered with nervousness, falling loss of ambition or other symptoms which rob you of your vitality and absolutely unfit you for study, business, pleasure or marriage. My treatment for weak men will correct all these evils and restore you to what nature intended—a hale, healthy, happy man, with physical, mental and other powers complete.

New Rules.
The managers of the Punxsutawney Fair Association have decided that no more concessions to fortune wheels, games of chance or "coochee-coochee" shows will be granted by them in future exhibits. This is very gratifying news indeed, for whatever reasons the management had for permitting these things on the ground, there was a growing sentiment among patrons against it. The managers of the Indiana fair permits nothing of the kind on the grounds, and no fakirs of any kind were seen on the streets of Indiana during the fair there last week. It is to be hoped now, that the farmer and mechanic will next year do all they can to make the fair just what it is intended—to develop and encourage the best in agriculture and mechanical industry.—Punxsutawney News.

Fearful Odds Against Him.
Bedridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by H. Alex Stoke, Druggist.

What is Life?
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at H. Alex Stoke's Drug Store.

THE STATE GRANGE.

J. T. Altman, Press Correspondent.
Pennsylvania was honored in having Worthy State Master W. F. Hill called to Michigan to speak at grange picnics for a week or more. He reports some 70 picnics held in that state under the auspices of the State Grange. He found large and appreciative audiences wherever he went. Michigan is one of the strong grange states, strong in numbers and in the thoroughness of her organization and in the efficiency of the work they do.

The importance of education for the farmer is fully realized by the leaders of the grange. In the past our agricultural schools and colleges have given most of their attention to educating in the line of the professions. The grange has long demanded that these institutions give agriculture due attention. This demand is being heeded. With the completion of the buildings now in process of erection at Penn'a State College and at Cornell University at Ithaca, N. Y., full facilities will have been provided for the youth of these states. Professors, well qualified for the duties, are already at work. We look for farming to take a higher place as a vocation and the farmer to take a step in advance as a man and a citizen.

Already summer is on the wane and the shadows of evening fall earlier. What priceless opportunities are afforded by winter evenings on the farm. Yet how sadly these opportunities are often neglected. Those parents who get their children regularly to school and take them no less regularly to church and to grange meetings, providing them at home with good books and good papers, can look with confidence to their future.

Great interest is already being felt in the meetings of Penn'a State Grange to be held in Erie in December. The live patrons of Erie and adjacent counties will leave nothing undone to make the meeting a success. Owing to the large increase in membership during the year and the general interest everywhere it promises to be the largest meeting the State grange ever held.

Grange to Rebuild Barn.
Mrs. Ellen Conaway, whose big barn in Hickory, Huston township, filled with the harvest, was burned after being set on fire by a stroke of lightning, had joined the Grange with the purpose of availing herself of the advantage of the agricultural insurance that the Grange affords. But the transaction had not yet been consummated, and hence Mrs. Conaway would have no legal claim. But the Grange aims to be helpful and hence a proposition has been made and received favorably to raise the amount necessary in the district to rebuild the barn for Mrs. Conaway by each one paying a small sum. It is said that twenty cents apiece throughout the district will rebuild the barn.—DuBois Searchlight.

The McConnell Barn.
D. B. McConnell, of the firm of Millen and McConnell of this place, who recently had his barn on his farm in Washington township destroyed by fire, has just completed a new one. It is 54 x 56 feet and has underground stabling. It is par excellent in architecture and workmanship. The Rev. H. T. Chisholm made the draft and J. J. Lukehart, both of this place, superintended the carpenter work. Mr. Lukehart is noted for fine house carpentering and his work on this barn places him at the head of his craft in this particular branch of the art. For convenience and workmanship it is the finest barn I ever saw.—"Observer" in Falls Creek Herald.
